DUAL OVENABLE PAPERBOARD FOOD TRAYS

NATURAPACK

DUAL OVENABLE PAPERBOARD FOOD TRAYS

YOUR MARKET IS READY... ARE YOU?

A tray full of opportunities...

Convenience and easiness in meal preparation are today's driving trends and Naturapack trays make cooking easy for all of us. Since people having less time to spend, they expect cooking at home so simple.

Naturapack Dual Ovenable Paperboard Trays are your opportunity to provide fresh, chilled and frozen ready meals for modern customers, which they can buy and put directly from freezer to the oven at 200 C for 30 minutes.

It is a simple way for you to add another dimension to your business which makes eating healthy and easy for your customers. With more than 20 standart Paperboard Trays, the Naturapack range provides you with a perfect platform to meet customer demands for convenient, fresh and high-quality meals.

All of the trays are made of direct food contact certificated paperboards which means reliability for you and a first class impression for your customers.

PET extrusion coated Ovenable Paperboard is the perfect material for a wide variety of food applications due to its light weight, strong performance, optimal barrier properties, good thermal conductivity, cold and heat resistance and decorative properties.

NATURAPACK DUAL OVENABLE PAPERBOARD FOOD TRAYS

KEY BENEFITS OF NATURAPACK PAPERBOARD FOOD TRAYS

Dual Ovenable, both microwave and conventional oven safe,

Environmentally sound option as paperboard is derived from renewable resources and can be recycled,

The food inside can be shocked at -40 C, stored at -18 C, and directly be cooked in the oven at 200 C for 30 minutes,

Paperboard does not crack & no risk of sharp broken pieces,

Excellent printing quality upto 5 colors, each customer's trays are branded, and unique,

Different closing alternatives; non-peelable and perforated tear-off paperboard lids or peelable and non-peelable films,

Polyester film coating provides a liquid leak-proof barrier,

Printed paperboard trays and paperboard lids get rid of the need for a secondary packaging

Naturapack, is a very innovative and fast responding firm, in order to cope with its customer's new packaging needs for their new projects, as forming new moulds.
